SAN FRANCISCO NOTICES.

TO OBTAIN accurate rates of your chronometers
is of the first importance, requiring from one
who undertakes the task constant attention and
proper instruments. We therefore apprise you of the
all-important fact, that we do not rate by artificial
horizon and sextant, but that we do possess and rate
by the only transit and astronomical clock in the
country. We are ourselves practical chronometer
makers of experience in London, Liverpool, and New
Orleans, and are established in San Francisco, long
enough to have our abilities tested. We submit
the following testimonials from captains who have
tried the accuracy of our rates on frequent voyages to
Panama, China, India, Sandwich Islands, &c., &c.
"We certify that the rates of our chronometers, as
ascertained by Messrs. Barrett & Sherwood, City ob-
servatory, we have found on trial to be invariably
correct, and have the fullest confidence in their abili-
ties as chronometer makers."
